OCTOBER 2021

## OUT OF LUCK

**A sad sight. Tim Sahagun, left, and Fritz Corbin, right, coming out of the woods empty handed. They found Tim's plane but it was about 60 feet up in a tree. Tim decided that since it seemed to be just sitting on a limb he would wait and see if the wind might dislodge it and let it fall to a lower level that would be easier to reach. This has happened before! If this doesn't work it will mean a call to the tree service to have them climb up and retrieve it. Best of luck, Tim.**

## THE PRESIDENT'S CORNER

We've have had a lot of nice days for flying so hope you all have been able to get out to the field and enjoy the weather and flying.

Janet and I just returned from our trip to Glacier Park, Montana last month. Great place to enjoy a vacation. We did have excessive smoke in the air from the forest fires in California. It's amazing that such a vast area was affected.

Just a reminder to all our new members ..... do not fly near or over the house located at the south-west corner of our flying field. Places to fly are very hard to find so we all must respect our neighbors. Safety is of the up-most importance. We also should keep our speed down when driving to and from the flying field. We are really just guests out enjoying our hobby.

At the October meeting the nominating committee for the 2022 Club officers will be formed. The committee will be made up of the present officers. The committee will nominate a slate of officers at the November meeting. Anyone who would like to nominate another member may do it at this time. All those wishing to consider serving in one of the officer's position, let me know so we can include them for consideration during the nomination process.

We are going to continue having our Club meeting once a month on the second Tuesday. We'll meet at 10:00 AM. You can come early and get some flying in then at 10:00 AM we will pause the flying, have our meeting then resume the flying. Therefore, our next meeting will be held at the Flying Field, October 12 th at 10:00 AM. See you there.

Happy Landings ..... John

## THE EDITOR'S NOTE PAD

Due to weather and neighborhood business your Editor was not out at the field during September as much as he wanted, hence a shorter Newsletter. Hope this month will be better.

The Club did not have a meeting in September but does plan to have one on October 12th at 10 Am at the field. Hope you can make it.

On the following page is a flyer for a Fun Fly in Web City on October 9th. It is enlightening to go to events at other Clubs and see their facilities and how they run things.

Nothing new on our replacement shelter. Seems like everything is on backorder due to the pandemic. Maybe soon.

Time to land for this month.....ed.

---

## NEW MEMBER

The Club gained a new member at the end of September.

Our new member is Dan Coogan. Dan and wife Joyce live in Branson.

Welcome to the Club, Dan we are pleased to have you join us.

**SAFETY FIRST**

We have a few new faces at the flying field, and that is a good thing for our club.

Most of these new folks already have a mentor/instructor that is taking good care of them by helping them and teaching them to fly. The rest of us can also help these new members as needed. By that, I mean safety too. If you happen to see a new, or actually any, member of our club doing something that is a danger to himself or others, it is up to you to make them aware of their mistake. Older members should know all the rules, and new members should make themselves familiar with our rules.

Bottom line, help each other fly safely, it is a lot more fun that way.

See you at the field,  
 Gene Fuson

**THE NEXT CLUB MEETING**  
**WILL BE October 12, 2021,**  
**10:00AM, AT THE CLUB FLY-**  
**ING FIELD.**
